Trust response	
<p>COMMENT FROM PAULA CLARK, CHIEF EXECUTIVE, THE DUDLEY GROUP NHS FOUNDATION TRUST</p> <p>We are delighted by the news that we have been named as the most improved trust in England for cancer patient experience by Macmillan Cancer Support.</p> <p>We always strive to offer our patients the best possible experience whilst in our care, and this fantastic achievement is testament to the hard work of our specialist cancer teams over the past year. Our teams have been working hard with Macmillan over the past few years to make improvements to patient experience and it is rewarding to see this work recognised.</p> <p>As the demand for cancer treatment increases year on year, it is wonderful to know we are getting it right for our patients, especially at what must be an incredibly difficult time for patients and their families.</p>
