Address / Email:

Dear

Request Under Freedom of Information Act 2000

Thank you for requesting information under the Freedom of Information Act 2000.

Request

I write to request information under the Freedom of Information Act 2000 regarding the **toxicological screening procedures for individuals who present themselves to Accident and Emergency (A&E) departments and identify themselves as individuals who believe they might have been administered a substance without their consent.**

To aid your understanding, this request pertains to procedures, information, testing, and advice, offered to those who would colloquially be referred to as individuals who believe they might have been “drugged” or “roofied”.

Response

There is no screening done in A&E unless patient needs ITU.

If you are dissatisfied with our response, you have the right to appeal in line with guidance from the Information Commissioner. In the first instance you may contact the Information Governance Manager of the Trust.
